

Newsletter 80 Social Services Legislation Amendment (No Jab, No Pay) Bill 2015

Here is the link to the Australian government's new [Social Services Legislation Amendment \(No Jab, No Pay\) Bill 2015](#). This bill was presented in parliament and referred to the [Senate Community Affairs Committee for inquiry and report](#) on 17 September 2015.

Submissions for this inquiry must be made before 16 October 2016. The reporting date for the inquiry is 9 November 2015. Here is a [6 minute video](#) illustrating the dangers of this bill

because governments have not studied the long-term health effects of the *combined schedule of vaccines in animals or humans*.

This is critical information for the health of global populations. Many of the [ingredients of vaccines](#) are listed below.

Petition to Prevent an Adult

Vaccination Register

Please sign this [petition](#) to prevent an adult vaccination register from being established in Australia and support the rallies in your nearest capital city on 20 September to demonstrate your support for *freedom of choice* in all medical interventions.

Here is an article in the [Australian National Review](#) that illustrates how selective studies are being used to make claims about vaccines. This is supported by an [investigative journalist](#) and by my own [research](#).
