The 2020 Hoax: A 'Global Pandemic' based on False Pharma Science

26 June 2020

Important:

Due to some changes that I made to the format of my newsletter many of my subscribers missed out on [Newsletter 258: False Pharma Science in a PLandemic used to Control the Population.](#)

A must read - [Injection Fraud - It is not a Vaccine - Surveillance Capitalism is Underway](#) (Children's Health Defense)

Why did Australia call a 'Global Pandemic' on 21 January before the WHO and every other Country?

Australian Prime Minister, Scott Morrison declared a "Global Pandemic" on 21 January 2020 when there were NO cases of this disease in Australia and two months before the WHO (11 March 2020). In January an assessment of the human-to human transmission of this new mutated coronavirus had not been made.

But despite the fact that we have never had a global pandemic using the traditional practices for controlling infectious diseases, Mr. Morrison called a 'global pandemic' (even though we had no disease in Australia?). This is not a "good precautionary measure" as he has claimed when he destroyed the economy and the health and well being of many Australians.

Did you know that a global pandemic in 2020 is a [highly unlikely occurrence](#)

[since 1950/60](#) when infectious diseases were controlled? This is due to the public health infrastructure in many countries and their nutrition and good quality healthcare systems.

This is why the prediction based on the **GAVI/WHO** mathematical model, used by the UK Imperial College, the US CDC and Australia, that predicted hundreds of thousands of deaths in January, was dumped on **15 April 2020**. [The reason being that "it did not use real data" \(US Surgeon-General, Jerome Adams\).](#)

And Bill Gates funds the **GAVI alliance (pharma-biotech partnerships)** that designed the **International Health Regulations (IHR)** (presented by the **WHO** to its 193 member countries) that placed [Australia into a police state.](#)

Did you know that Bill Gates is one of the biggest voluntary donors of the WHO [donating \\$836 million over the past 2 years?](#)

So why would Mr. Morrison believe this virus would become a pandemic? This is because, like other Prime Ministers, [including Boris Johnson](#), they are meeting with Bill Gates to discuss the development of a vaccine for the COVID19 crisis that Bill Gates claims is the 'end solution'.

Morrison met with [Bill Gates in 2020](#) and the billionaire has donated \$10 million to Australia's **Murdoch Children's Research Institute (MCRI)** to develop a COVID19 vaccine. Further, vaccines and vaccination policy in Australia are promoted with misinformation through the Murdoch owned News Corp media.

The 'global pandemic' was a fraudulent claim based on pharma-science funded and promoted by Bill Gates in all mainstream media including the Guardian, ABC and BBC.

This is the reason why the *unqualified* Bill Gates is making false claims at conferences about the likelihood of a 'global pandemic' in 2020. He has based this claim on the [false pharma science](#) that he uses to develop vaccines.

On the 21 January 2020 there were only [41 cases of the COVID19 disease recorded in Wuhan, China](#) (only 7 of which were described as seriously ill). Public health policy for ANY country must always be founded on data collected from that country. This is the fundamental flaw in the claim of a 'global pandemic' by Bill Gates.

Now why would the Prime Minister, Scott Morrison, think that this new coronavirus would become a **global pandemic** on 21 January when

coronaviruses make up 7-15% of all the common respiratory viruses that cause the common cold AND they mutate every year?

When Mr Morrison requested the emergency powers on 21 January 2020 to enact the IHR designed by the GAVI alliance ([corporate-pharma partnerships funded largely by Bill Gates](#)) and recommended by the WHO, there were 3 possible scenarios for this new mutated coronavirus. One of these scenarios was that ["the virus would not be any more severe than a normal flu season"](#). And this is what we have discovered in Australia. In Melbourne they are locking down the population for 20 cases of a disease - most of which are not hospitalised.

Australian scientists started developing a vaccine in Australia (**with Bill Gates \$10 million**) on **27 March 2020** - even though the virus was downgraded on the **19th March 2020** by the UK Public Health Unit and described as a virus that was no longer considered a ['high consequence infectious disease \(HCID\)'](#) and it is not listed on [Australia's national notifiable disease list for high risk diseases](#).

Mr. Morrison's crystal ball for declaring a pandemic **before the WHO** had assessed the transmission of this virus even extended to knowing when this 'pandemic' would end. The 30th September is the chosen end date as this is when the jobseeker payments end and when the WHO will have carried out their [second simulation of a 'pandemic' as a training exercise](#). The so called 'second wave' predicted by all the experts and heavily promoted by the mainstream media.

In Newsletter 258 I have provided many links and videos to the evidence that shows that the so called 'Global Pandemic' of 2020 is a hoax designed by the GAVI alliance that designed the **International Health Regulations** promoted by the WHO. These regulations introduce new medical procedures for HEALTHY people (such as social distancing, fever testing to enter workplaces, antibody testing, mandatory vaccinations and ultimately the e-health card to go out of your house - the ultimate goal of the pharmaceutical companies is to [medicate the healthy population](#) (Read the 3rd para starting "In 1975, Henry Gadsden.....)

None of these measures are either health promoting or justified and the citizens of all countries must rise up to re-claim their fundamental human rights that are being removed in these policies.

About Dr. Judy Wilyman PhD

I have been studying the vaccination topic both formally and informally since 1993 when I vaccinated my first child. Like most people questioning vaccines, I have not come from an anti-vaccination position and the debate is not about pro or anti-vaccination. It is about safety, efficacy and necessity for each vaccine on the schedule. Are they all safe? And are they all effective and necessary?

In 2015 I completed a PhD at the University of Wollongong answering these questions.

My thesis is titled 'A critical analysis of the Australian Government's rationale for its vaccination policy'. In Chapter 7, I present a discussion of the claims made by the government about the safety and efficacy of vaccines that are not supported by scientific evidence.

Supporting Public Interest Research

I would like to thank everyone who has supported my research and newsletters over the last 5-10 years. If you have appreciated this unfunded independent research and debate of children's health I hope you will consider a [\\$5 donation](#) for the up-keep of my website and continuation of my voluntary newsletters.

Only funded research is promoted to the public and universities do not promote student research. Hence the need for my website and newsletters to promote my independent research that is in the public interest.

My website [Vaccination Decisions](#) became necessary because the University of Wollongong [is not required to rectify the academic record to the public](#) when organised lobby group activists, such as Australian Skeptic Inc / SAVN, and other activists from the powerful industry-

Additionally, my book - [Vaccination: Australia's Loss of Health Freedom](#) - is now available. This book describes the history of the control of infectious diseases in Australia with an added chapter on the strategies that have been used to remove health freedom in Australia.

The Australian government NCIRS (the vaccine research and surveillance unit) has attempted to denigrate my research because I have shown that children's health has significantly declined as the Australian government added vaccines to the vaccination program. Peter McIntyre and Margaret Burgess are the founding directors of the NCIRS and they did not investigate this link. Here is my rebuttal of the false information these government vaccine advisors have provided about my research in the Vaccine journal - 3 years after my PhD research was published. The two other

medical complex provide false information about my university research in the mainstream media.
